

*Federal Energy Regulatory Commission*

# Coordinated Regulation of Continental Energy Markets

Pat Wood III

Camput Conference, Banff

May 5, 2003

# Energy Regulation Today

- Sufficient infrastructure
- Vigilant oversight
- Balanced rules

# North American Interdependencies

- Reliability
- Infrastructure
- Trade

# Reliability coordination

- Reliability self-regulation
- Reliability/market overlap
  - NERC/NAESB/RTO-ISO
- Critical infrastructure, cyber security

# Infrastructure coordination

- Pipelines
- Transmission
- Generation
- Overall Planning

# Energy Trade

- Remove barriers
  - Export/import fees
  - Coordinated market design
- Harmonious policies
